

Dansnaam: California Blue

Artiest: Roy Orbison

Song: California Blue

Working all day and the sun don't shine
Trying to get by and I'm just killing time
I feel the rain fall the whole night through
Far away from you, California blue

California blue, dreaming all alone
Nothing else to do, California blue
Everyday I pray I'll be on my way
Saving love for you, California blue

One sunny day, I'll get back again
Somehow, someday, but I don't know when
California blue, California blue

Living my life with you on my mind
Thinking of things that I left far behind
It's been so long doing all I can do
To get back to you California blue

California blue, dreaming all alone
Nothing else to do California blue
Everyday I pray I'll be on my way
Saving love for you, California blue

One sunny day I'll get back again
Somehow, someday, but I don't know when
California blue, California blue

Still missing you, California blue
Still missing you, California blue
Still missing you, California blue
