I was walking by the river, I was walking on my own  
As I saw the deep green waters, they reminded me of home

Take me home, home to Louisiana, take me back to the place where I belong  
Take me home, home to Louisiana, 'caus I am sure I stayed away too long

As I was standing on the shore side, I saw a woman oh so sweet  
she was smiling as she passed me by, I was reminded of where I wanna be

Take me home, home to Louisiana, take me back to the place where I belong  
Take me home, home to Louisiana, 'caus I am sure I stayed away too long

Well I can't just forget her, I can't make the longing go away  
I think of all the good times, I never let the memory overtake

Take me home, home to Louisiana, take me back to the place where I belong  
Take me home, home to Louisiana, 'caus I am sure I stayed away too long

Well I can't just forget her, I can't make the longing go away  
I think of all the good times, I never let the memory overtake

Take me home, home to Louisiana, take me back to the place where I belong  
Take me home, home to Louisiana, 'caus I am sure I stayed away too long
